benefits eligibility & dependent verification

WHO'S ELIGIBLE

- Employees working 30 or more hours per week
- Legal spouses
- Dependent children

DEPENDENT ELIGIBILITY

Your legal spouse and dependent children (up to age 26) may also be covered by:

Medical

Dental

Vision

Company paid group and voluntary life insurance and AD&D

DEPENDENT VERIFICATION

You may be asked to provide proof of dependent eligibility, including one or more of the following:

- Marriage certificate
- Birth certificate
- Affidavit of qualifying adult
- Adoption certificate
- Placement certificate
- Document of guardianship

NEW HIRES

- **When you enroll:** Within 30 days of your date of hire
- **When benefits take effect:** Most benefits are effective the first day of the month following your date of hire
- **If you miss the deadline:** Must wait for the next open enrollment period or until you experience a qualifying life event (See page 4.)

COBRA COVERAGE

When you or any of your dependents no longer meet the eligibility requirements, you may be eligible for continued coverage through the **Consolidated Omnibus Budget Reconciliation Act (COBRA)** of 1985.

benefits changes & medicare

BENEFITS CHANGES DURING THE YEAR

The benefits you choose during open enrollment generally stay in place until the next open enrollment period unless you experience a qualifying life event. If you do, notify Human Resources within **60 days** to request the change, make your benefit elections, and provide required documentation, such as a marriage or birth certificate.

Types of Qualifying Life Events

Family Changes	Marriage, divorce, legal separation, birth, adoption, placement for adoption, or death of a dependent
Dependent Eligibility Changes	Child becoming newly eligible or no longer eligible
Other Coverage Changes	Change in spouse's employment or coverage, or loss of eligibility for other health coverage
Government Coverage Changes	Gaining or losing eligibility for Medicare, Medicaid, or a state Children's Health Insurance Program (CHIP), including eligibility for CHIP or Medicaid premium assistance
Marketplace Coverage	You, your spouse, or dependent child becoming eligible to enroll because of a Special Enrollment Period
Court Orders	Judgment, decree, or court order requiring you to add or remove coverage for a dependent child

Turning Age 65 and Becoming Medicare-eligible

- **Already getting Social Security?** Medicare enrollment information should arrive about three months before your 65th birthday.
- **Not getting Social Security?** You'll need to enroll in Medicare through Social Security.
- **Still working in a benefits-eligible position?** You may enroll in Medicare Part A (hospital), which is typically premium-free, or Part B (medical) and Part D (prescription) at your own cost.
- **Enrolling in Medicare?** Our medical plan and Medicare will coordinate coverage based on federal rules. If Medicare is primary, you may be required to enroll in Part B, so check with the medical plan.
- **HSAs and Medicare:** If you enroll in Medicare, you can no longer make Health Savings Account (HSA) contributions. You can still use the money already in your HSA to pay for eligible out-of-pocket expenses.

health risk assessment & wellness credit for 2028

We care about your long-term well-being, and one of the best ways to stay on top of it is with preventive care. That's why we reward you with a **wellness credit**—a lower medical premium—when you complete our **health risk assessment**. This assessment gives you helpful information about your health: how you're doing now and what risks or concerns you need to keep an eye on. The most thorough way to do that is with a physical exam by your primary care physician.

To receive the wellness credit for 2028—earned in 2027—we've simplified the assessment.

WHAT YOU DO

Complete an annual preventive visit with your primary care provider (PCP) between October 1, 2026 to September 30, 2027

WHAT QUALIFIES AS A PCP VISIT

- Family medicine provider
- Internal medicine provider
- General practitioner
- Nurse practitioner
- Physician assistant

SPOUSE ELIGIBILITY

If your spouse is covered by the plan, they can participate to provide an even greater discount.

HOW YOUR VISIT IS TRACKED

There's nothing for you to do. The plan automatically confirms your visit through the submitted claim.

Tip: When you schedule your appointment, ask your provider to bill it as an annual preventive wellness exam.

If the visit cannot be confirmed, you may be asked for:

- Explanation of Benefits
- Appointment confirmation
- Provider statement
- Preventive care verification form

A Note for New Hires

- **Had a wellness exam before joining the company?** No problem. It counts toward the wellness credit. You may be asked to share supporting documentation.
- **Not enrolled in one of our medical plans?** You must be covered by one of our medical plans to participate.

Questions?

Contact the Benefits Team at benefits@taiamerica.com.

your benefits **glossary**

Coinsurance

Percentage of covered costs you pay after meeting your deductible

Example: If the plan pays 70%, you pay 30%.

Copay

Fixed amount you pay for certain healthcare services or prescriptions

Example: $30 for an office visit

Deductible

Amount you pay for covered care before the plan begins sharing the cost; deductibles may differ for individual and family coverage and for in-network and out-of-network care

Evidence of Insurability (EOI)

A health questionnaire you may need to complete before certain insurance coverage can be approved

Explanation of Benefits (EOB)

Statement showing how a claim was processed, including what the plan paid and what you may owe

Flexible Spending Account (FSA)

Account that lets you set aside pre-tax money for eligible healthcare or dependent care expenses

Guaranteed Issue

Coverage you can obtain without answering health questions or providing Evidence of Insurability (EOI)

Health Savings Account (HSA)

Tax-advantaged account you can use for eligible medical, dental, and vision expenses if you've enrolled in a high deductible health plan; money rolls over from year to year and stays with you if you change employers or plans; you and your employer may contribute up to IRS limits

Out-of-Pocket Maximum

The most you'll pay for covered expenses during the plan year; once you reach this limit, the plan pays 100% of the allowed amount for covered services

Prior Authorization/ Pre-Service Notification

Approval that may be required from your plan before you receive certain services for them to be covered

Qualifying Event

A life event—such as marriage, divorce, birth or adoption, or loss of other coverage—that may allow you to change your benefits outside of open enrollment

Usual, Customary, and Reasonable (UCR)

Typical cost of a healthcare service; used to determine how much the plan will pay for out-of-network care

your medical **coverage**

Medical coverage is one of the most valuable ways we help you stay healthy and feel secure. It means you can focus on your life and loved ones, knowing care is there when you need it. We offer four plans, so you can find the one that fits your needs and budget. All provide a **large provider network, prescription coverage,** and **free, in-network preventive care**.

	Traditional PPO	Choice HDHP	Advantage PPO	Value HDHP
At-A-Glance	Highest payroll deductions in exchange for lowest deductible	Lower payroll deductions in exchange for a higher deductible	Mid-range payroll deductions and deductible	Lowest payroll deductions in exchange for highest deductible
Paying for Care	Copays (set fees) for many services	Full cost until you reach deductible (amount where plan starts sharing costs)	Copays (set fees) for many services	Full cost until you reach deductible (amount where plan starts sharing costs)
Funding Accounts	Flexible Spending Account (FSA)	Health Savings Account (HSA)	Flexible Spending Account (FSA)	Health Savings Account (HSA)

For 2027, the Economical Plan has been renamed the Value Plan and has a **lower deductible and out-of-pocket maximum.**

your prescription **coverage**

Prescriptions are a large part of how many people care for their health. Our pharmacy partner, True Rx, takes a whole-person approach to pharmacy care, supporting your overall health while helping you save.

- **Step Therapy:** Sometimes there's a lower-cost medication that works just as well. With step therapy, you'll try that option first before a higher-cost medication is approved.
- **Prior Authorization:** Some medications—like brand-name, high-cost, or high-dose prescriptions—need approval from True Rx first.

TRUE RX+ APP

True Rx+ is more than just a pharmacy app. It's your personalized digital pharmacy experience designed to help you stay informed, save money, and get support when you need it the most.

- View your insurance card and plan details
- See your active prescriptions, deductible, and out-of-pocket status
- Compare medication prices at local pharmacies

HOME DELIVERY: PRESCRIPTIONS MADE EASY

- **From app to door:** Manage prescriptions online or in the app and have them shipped right to your door.
- **More supply, less cost:** Get a 90-day supply of your maintenance medications and pay less than three separate 30-day refills.
- **Less legwork:** True Rx contacts your doctor for new 90-day prescriptions, and pharmacists are available 24/7 to answer your questions.
- **No-cost shipping:** Shipping is always free.

Ready to start?

True Rx partners with WB Rx Express to deliver your prescriptions.

1. Go to wbrxexpress.com and click "Become a New Patient."
2. Complete the online form and click the red Submit button.
3. Verify your account and medications when WB Rx Express contacts you, typically within two business days.

health savings accounts

ELIGIBLE WITH THE CHOICE AND VALUE PLANS

A Health Savings Account, or HSA, lets you set aside pre-tax dollars to pay for eligible healthcare expenses. If you enroll in either the Choice or Value medical plan, you are eligible for an HSA, and we will also add money to it—starting with a **seed contribution** in January, followed by **additional contributions each pay period** if you contribute, too.

- **Getting started:** Go to infinconsumer.lh1ondemand.com and decide how much to contribute, up to the IRS limits. Be sure to meet minimum contribution amounts to receive the company's full contribution amount.
- **Now or later:** Pay for eligible medical, dental, vision, and prescription drug expenses now or let your balance grow for the future.
- **Non-eligible expenses?** You may owe income tax and a penalty if you use your HSA for non-eligible expenses. See IRS Publication 969 at irs.gov/publications for details.

	IRS Contribution Limit	2027 Employer Contribution	Amount You Can Contribute
Employee Only	$4,500	**Total potential contribution:** $850 **Seed contribution:*** $250 **Additional contributions:**** $600	$3,650
Employee + Dependent(s)	$9,000	**Total potential contribution:** $1,700 **Seed contribution:*** $500 **Additional contributions:**** $1,200	$7,300
55+ Catch-Up	$1,000	N/A	$1,000

* Seed contribution will be made in January.

** Additional contributions will be made in equal installments and you must meet the minimum employee contribution requirement to receive the full company contribution.

Don't Leave Money on the Table

To receive the company HSA contributions after the seed contribution, contribute at least:

- **Employee-only:** $10 per paycheck
- **Employee + dependent(s):** $20 per paycheck

A Note for New Hires

If you're hired mid-year, you'll receive the seed contribution when you become eligible and enroll. The remaining employer contribution will be prorated, provided you meet the minimum contribution requirement.

flexible spending accounts

A Flexible Spending Account (FSA) allows you to set aside money from your paycheck before income taxes are withheld. We offer two types, and you can have both.

	Healthcare FSA	Dependent Care FSA
Use For	Medical, prescription, dental, and vision expenses—including over-the-counter health items	Childcare (up to age 13) or elder care expenses: • In-home care • Before- and after-school care • Day care • Summer day camp • Adult care
Annual Maximum	$3,400*	$7,500 ($3,750 if married, filing separately)
Things to Note	Full amount available January 1 You can have a Healthcare FSA if you are enrolled in the Traditional or Advantage medical plan.	Funds available each pay period You and your spouse (if applicable) must both be working or in school full-time.

*2026 limit—IRS has not released the 2027 contribution limit.

HOW FSAs WORK

- **Decide how much to contribute** to your FSA for the year, up to IRS limits.
- **Have your amount deducted**—pre-tax—from your pay over the year.
- **Use the FSA to pay expenses.**
  - **Healthcare FSA:** Use your FSA debit card to pay for expenses.
  - **Dependent Care FSA:** Submit your claim to the carrier for reimbursement online.
- **Keep receipts** in case you need to prove expenses.
- **Submit a reimbursement claim form,** if needed.
- **Use it or lose it,** as all unused funds are forfeited at the end of the year.

Visit irs.gov/publications (Publication 503) for eligible expenses.

VOLUNTARY: AT YOUR COST

Want a little extra peace of mind for the people who count on you? Voluntary life insurance lets you add life insurance coverage for yourself, your spouse, and your dependent children—on top of basic life insurance we already provide.

- **Timing is everything:** The easiest time to sign up is when you first become eligible. Choose your coverage then, and no extra steps are required.
- **Small step for later:** If you decide to add coverage later, you'll need to provide Evidence of Insurability (EOI). This is a short health questionnaire that shares information about your current health.

	Voluntary Life Coverage		
	Employee	**Spouse**	**Dependent Child(ren)**

short-term **disability**

If you're unable to work for a short period of time due to an illness, non-work-related injury, or pregnancy, short-term disability (STD) helps protect part of your income while you're off work. This benefit is available to eligible regular, full-time employees.

HOW IT WORKS

- **Help while you heal:** STD provides weekly benefits if you're unable to work because of a qualifying illness or injury.
- **Backed by your provider:** You must be under the care of a physician and provide appropriate medical documentation.
- **Before benefits begin:** You must first use all available regular sick days, accumulated sick days, vacation days, and paid personal days.

WHEN BENEFITS START

- **Illness or injury:** After 10 consecutive working days
- **Inpatient hospitalization:** No waiting period

Once the waiting period is met and all other paid time off has been used, benefits are paid retroactively to your first day of absence.

WHEN BENEFITS END

Eligible employees may receive up to 11 weeks of STD benefits, subject to the terms and limitations of the policy.

Sun Life

9 years	9	2
10 years	10	1
11 years	11	0

long-term **disability**

If a serious illness or injury keeps you out of work for an extended period, long-term disability (LTD) helps replace part of your income, so you can focus on recovery rather than money worries. It is provided at no cost to full-time employees.

Benefit Amount	60% of your **base** earnings
Benefit Maximum	Maximum monthly benefit of $15,000
When Benefits Begin	After 90 days
Maximum Benefit Period	• **Before age 65:** Until your Social Security Normal Retirement Age • **Age 65 or later:** Based on an age-based schedule
Pre-existing Waiting Period	• **3-month look-back:** Treatment in the 3 months before coverage begins makes a condition pre-existing. • **12-month limitation:** Pre-existing conditions are not covered during the first 12 months of coverage.

Choose How Your Benefit is Taxed*

You can choose how the company-paid LTD premium is taxed:

- **Pre-tax:** The company-paid premium will be taxed with your regular paycheck. If you have an approved LTD claim, the benefit paid to you will be tax-free.
- **Post-tax:** The company-paid premium will not be taxed with your regular paycheck. If you have an approved LTD claim, the benefit paid to you will be taxed.
- **If you do not make an election:** Your default election will be pre-tax.

*Provided you are eligible and approved for a claim under long-term disability.

ACCIDENT INSURANCE

Accidents can happen when you least expect them, and the costs can add up quickly. Accident insurance provides extra financial support after a covered injury, so you can focus on recovery.

- **What it covers:** Costs associated with accidents and injuries
- **How benefits are paid:** Amount depends on the injury type and treatment

CRITICAL ILLNESS INSURANCE

Critical illness insurance provides a lump sum benefit if you're diagnosed with a covered illness or condition, giving you extra support when you need it most.

- **What it helps with:** Everyday expenses, bills, or other costs
- **Wellness bonus:** $50 reward with a qualifying health screening

HOSPITAL INDEMNITY INSURANCE

A hospital stay can bring unexpected out-of-pocket costs. Hospital indemnity insurance provides extra financial support for expenses related to a hospital stay for you.

- **What it helps cover:** Lost income, childcare, medical bills
- **Paid directly to you:** Use the cash benefit where you need it most
- **Simple to enroll:** No medical questionnaire required

your retirement **savings**

The best time to save for retirement is right now. Eligible employees can begin contributing as soon as employment starts. You're automatically enrolled at a **6% pre-tax contribution rate**—but you can increase, decrease, or stop your contributions at any time.

COMPANY CONTRIBUTIONS

The company helps you grow your retirement savings in a few ways:

Company Match:

- 50% match on the first 6% you contribute, for a maximum employer match of 3%
- Starts immediately

Profit-Sharing Contribution:

- 3% of your total pay
- Begins with the first pay of the quarter after you complete one year of service
- Length of service requirements apply

Additional Discretionary Profit-Sharing Contribution:

- Up to 1% of your total pay
- Length of service requirements apply

YOUR CONTRIBUTIONS

0-50% of total pay up to annual IRS contribution limit

Contribution options include:

- **Pre-tax:** Up to 50% of total pay up to annual limit
- **Roth:** Up to 50% of total pay up to annual limit
- **Post-tax:** Up to 6% of total pay

Review your contribution rate and consider giving yourself a boost. **If possible, take advantage of the full company match.**

Age 50+? New rules for catch-up contributions

If you plan to maximize your 401(k) savings in 2027, new rules may affect how you make catch-up contributions.

- **Roth contributions required for some employees.** If your 2026 earnings exceed the IRS threshold, your 2027 catch-up contributions must be made on a Roth (after-tax) basis.
- **Automatic transition.** If this requirement applies to you, Vanguard will automatically switch your eligible contributions to Roth once you reach the standard annual 401(k) contribution limit.
- **Option to opt out.** You can choose not to make catch-up contributions.

Group Health Plan: Toyota Tsusho America, Inc.

NOTICE REGARDING SPECIAL ENROLLMENT RIGHTS

This notice is being provided to make certain that you understand your right to apply for group health coverage. You should read this notice even if you plan to waive health coverage at this time.

If you are declining coverage for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this Plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage).

However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

If you have a new dependent as a result of a marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after marriage, birth, or placement for adoption. (Note pre-tax payments may not be made for retroactive coverage due to marriage.)

If you or your dependents lose eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP) or become eligible for a premium assistance subsidy under Medicaid or CHIP, you may be able to enroll yourself and your dependents. You must request enrollment within 60 days of the loss of Medicaid or CHIP coverage or the determination of eligibility for a premium assistance subsidy.

To request special enrollment or obtain more information, please contact your Plan Administrator (identified at the beginning of this section).

NOTICE REGARDING WOMEN'S HEALTH AND CANCER RIGHTS ACT (JANET'S LAW)

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. Refer to your benefit materials for specific deductibles and coinsurance that apply.

If you would like more information on WHCRA benefits, please call your Plan Administrator (identified at the beginning of this section).

NOTICE REGARDING MICHELLE'S LAW

On Thursday, October 9, 2008, President Bush signed into law H.R. 2851, known as Michelle's Law. This law requires employer health plans to continue coverage for employees' dependent children who are college students and need a medically necessary leave of absence.

This law applies to both fully insured and self-insured medical plans.

The dependent child's change in college enrollment must meet the following requirements:

The dependent is suffering from a serious illness or injury.

The leave is medically necessary.

The dependent loses student status for purposes of coverage under the terms of the plan or coverage.

Coverage for the dependent child must remain in force until the earlier of:

- One year after the medically necessary leave of absence began.
- The date of the coverage would otherwise terminate under the terms of the plan.

A written certification by the treating physician is required. The certification must state that the dependent child is suffering from a serious illness or injury and that the leave is medically necessary. Provisions under this law became effective for plan years beginning on or after October 9, 2009.

NOTICE REGARDING PATIENT PROTECTION RIGHTS

Your Group Health Plan (identified at the beginning of this section) generally allows the designation of a primary care provider.

You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider. You do not need prior authorization from your Group Health Plan or from any other person (including your primary care provider) in order to obtain access to obstetrical or gynecological care from a healthcare professional in our network who specializes in obstetrics or gynecology. The healthcare professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan or procedures for making referrals.

If you do not make a provider designation, the Plan may make one for you. For information on how to select or change a primary care provider, and for a list of the participating primary care providers, pediatricians, or obstetrics or gynecology healthcare professionals, please contact the Plan Administrator (identified at the beginning of this section) or issuer.

HIPAA PRIVACY

The Plan complies with the privacy requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA). These requirements are described in a Notice of Privacy Practices that was previously given to you. A copy of this notice is available upon request to the Plan Administrator (identified at the beginning of this section).

HEALTH INSURANCE MARKETPLACE COVERAGE OPTIONS AND YOUR HEALTH COVERAGE

To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop shopping” to find and compare private health insurance options in your geographic area.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and doesn’t meet certain minimum value standards (discussed below). The savings that you’re eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employment-based health plan.

However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain cost-sharing, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meet minimum value standards. If your share of the premium cost of all plans offered to you through your employment is more than 9.5% (indexed annually) of your annual household income, or if the coverage through your employment does not meet the “minimum value” standard set by the Affordable Care Act, you may be eligible for a tax credit, and advance payment of the credit, if you do not enroll in the employment-based health coverage. For family members of the employee, coverage is considered affordable if the employee’s cost of premiums for the lowest-cost plan that would cover all family members does not exceed 9.5% (indexed annually) of the employee’s household income. (An employer-sponsored or other employment-based health plan meets the “minimum value standard” if the plan’s share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs. For purposes of eligibility for the premium tax credit, to meet the “minimum value standard,” the health plan must also provide substantial coverage of both inpatient hospital services and physician services.)

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered through your employment, then you may lose access to whatever the employer contributes to the employment-based coverage. Also, this employer contribution - as well as your employee contribution to employment-based coverage - is generally excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. In addition, note that if the health coverage offered through your employment does not meet the affordability or minimum value standards, but you accept that coverage anyway, you will not be eligible for a tax credit. You should consider all of these factors in determining whether to purchase a health plan through the Marketplace.

When Can I Enroll in Health Insurance Coverage through the Marketplace?

You can enroll in a Marketplace health insurance plan during the annual Marketplace Open Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment Period. In general, you qualify for a Special Enrollment Period if you've had certain qualifying life events, such as getting married, having a baby, adopting a child, or losing eligibility for other health coverage.

Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the qualifying life event to enroll in a Marketplace plan.

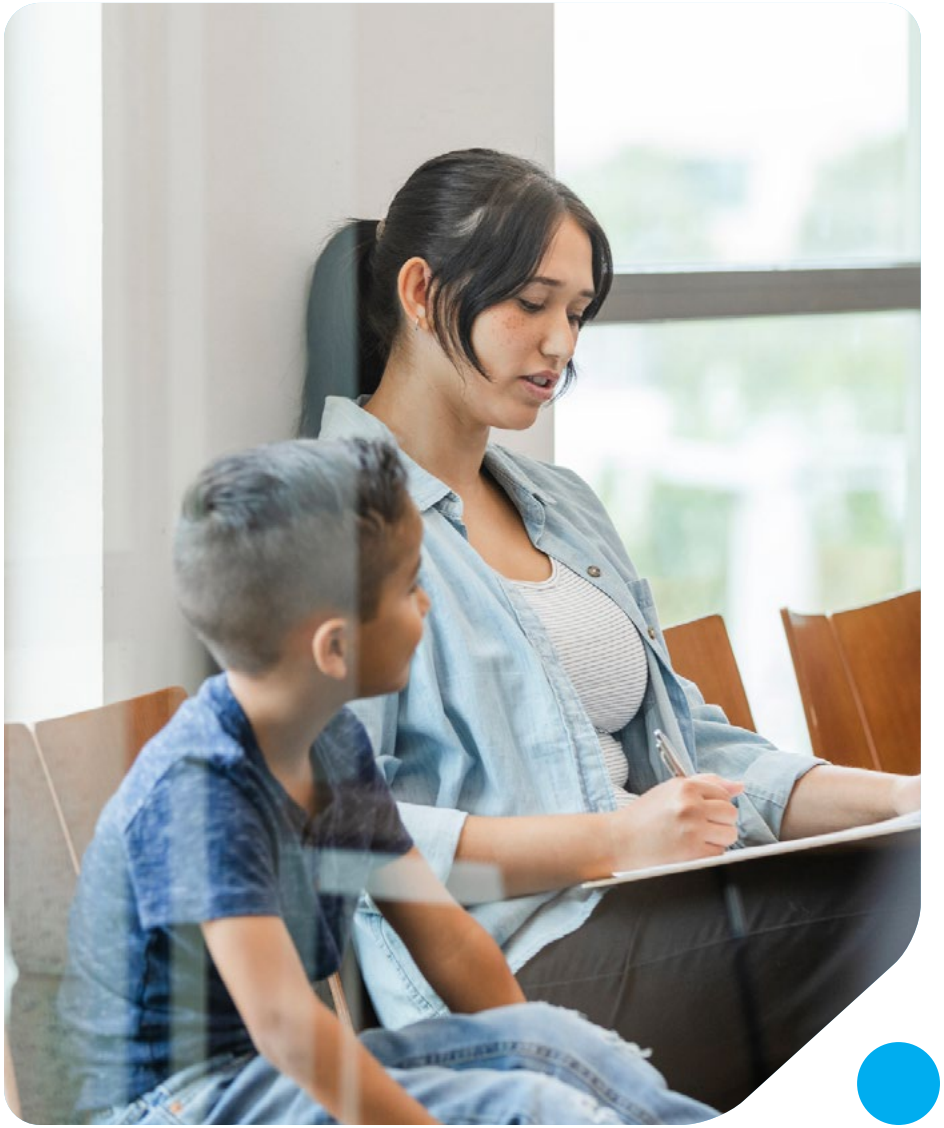

What about Alternatives to Marketplace Health Insurance Coverage?

If you or your family are eligible for coverage in an employment-based health plan (such as an employer- sponsored health plan), you or your family may also be eligible for a Special Enrollment Period to enroll in that health plan in certain circumstances, including if you or your dependents were enrolled in Medicaid or CHIP coverage and lost that coverage. Generally, you have 60 days after the loss of Medicaid or CHIP coverage to enroll in an employment-based health plan.

Alternatively, you can enroll in Medicaid or CHIP coverage at any time by filling out an application through the Marketplace or applying directly through your state Medicaid agency. Visit https://www.healthcare.gov/medicaid-chip/getting- medicaid-chip/ for more details.

How Can I Get More Information?

For more information about your coverage offered through your employment, please check your health plan's summary plan description or contact your Plan Administrator (identified at the beginning of this section).

PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs, but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2026. Contact your State for more information on eligibility:

MEDICARE PART D COVERAGE NOTICE – IMPORTANT INFORMATION ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please note that the following notice only applies to individuals who are or will become eligible for Medicare in the next 12 months.

- If you choose one of the following, **Advantage PPO, Choice HDHP, Traditional PPO, and Value HDHP** medical plan options, these plans are considered Creditable Coverage and will follow the creditable coverage description below.

Medicare eligible individuals may include employees, spouses or dependent children who are Medicare eligible for one of the following reasons.

- Due to the attainment of age 65
- Due to certain disabilities as determined by the Social Security Administration
- Due to end-stage renal disease (ESRD)

You are responsible for providing this notice to your spouse, your domestic partner or any dependent who is or will become Medicare eligible in the next 12 months. If your spouse, your domestic partner, or any dependent resides at a different address then please contact us to provide that individual's address as soon as possible.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the Group Health Plan (as identified at the beginning of this section) and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

CREDITABLE COVERAGE

There are two important things you need to know about the Advantage PPO, Choice HDHP, Traditional PPO, and Value HDHP Medicare's prescription drug coverage if you choose one of the coverages considered Credible Coverage (see above):

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. The prescription drug coverage offered by the Group Health Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15 through December 7. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage if You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current coverage will not be affected. Your current coverage pays for other health expenses in addition to prescription drugs. The prescription drug coverage is part of the Group Health Plan and cannot be separated from the medical coverage. If you enroll in a Medicare prescription drug plan, you and your eligible dependents will still be eligible to receive all of your current health and prescription drug benefits. You have the option to waive the coverage provided under the Group Health Plan due to your eligibility for Medicare. If you decide to waive coverage under the Group Health Plan due to your Medicare eligibility, you will be entitled to re-enroll in the plan during the next open enrollment period.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage through the Group Health Plan and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice or Your Current Prescription Drug Coverage...

Contact your Plan Administrator (identified at the beginning of this section). You will receive this notice each year and again if this coverage through your company changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

- More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans. For more information about Medicare prescription drug coverage:
- Visit **www.medicare.gov**
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help.
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit U.S. Social Security on the web at **www.socialsecurity.gov** or call 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice showing the Advantage PPO, Choice HDHP, Traditional PPO, and Value HDHP Plans are considered Creditable Coverage. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

YOUR RIGHTS AND PROTECTIONS AGAINST SURPRISE MEDICAL BILLS

When you get emergency care or are treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from balance billing. In these cases, you shouldn't be charged more than your plan's copayments, coinsurance and/or deductible.

What is "balance billing" (sometimes called "surprise billing")?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, like a copayment, coinsurance, or deductible. You may have additional costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

"Out-of-network" means providers and facilities that haven't signed a contract with your health plan to provide services. Out-of-network providers may be allowed to bill you for the difference between what your plan pays, and the full amount charged for a service. This is called "balance billing." This amount is likely more than in-network costs for the same service and might not count toward your plan's deductible or annual out-of- pocket limit.

"Surprise billing" is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider.

Surprise medical bills could cost thousands of dollars depending on the procedure or service.

You are protected from balance billing for:

Emergency services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most they can bill you is your plan's in- network cost-sharing amount (such as copayments, coinsurance, and deductibles). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition unless you give written consent and give up your protections not to be balanced billed for these post- stabilization services.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the

most those providers can bill you is your plan's in-network cost- sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers **can't** balance bill you and may not ask you to give up your protections **not** to be balance billed.

If you get other types of services at these in-network facilities, out-of-network providers **can't** balance bill you, unless you give written consent and give up your protections.

You're never required to give up your protections from balance billing. You also aren't required to get out-of-network care. You can choose a provider or facility in your plan's network.

When balance billing isn't allowed, you also have these protections:

- You're only responsible for paying your share of the cost (like the copayments, coinsurance, and deductible that you would pay if the provider or facility was in-network). Your health plan will pay any additional costs to out-of-network providers and facilities directly.

Generally, your health plan must:

- Cover emergency services without requiring you to get approval for services in advance (also known as "prior authorization").
- Cover emergency services by out-of- network providers.
- Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
- Count any amount you pay for emergency services or out-of-network services toward your in-network deductible and out-of-pocket limit.

If you think you've been wrongly billed, or for more information about your rights under Federal law, contact the Center for Medicare & Medicaid Services at **https://www.cms.gov/nosurprises/consumers**. The federal phone number for information and complaints is: 1-800-985-3059

In addition to federal law, you may have protections available to you through state law. If state law protection is available, contact information will be included on your Explanation of Benefits (EOB) for any applicable services.

WELLNESS PROGRAM PRIVACY NOTICE

Preventive Care Incentive

Your employer offers a voluntary wellness program available to all employees enrolled in the company-sponsored health plan. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others.

If you choose to participate in the wellness program you will be invited to validate completion of your annual well-adult physical. You are not required to participate in the program or complete a medical exam. However, only employees who choose to participate may qualify for an incentive as outlined in the wellness program portion of your benefit guide.

Additional incentives may be available for employees who participate in certain health-related activities. If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting **openenrollment@taiamerica.com**.

Your health plan is committed to helping you achieve your best health. Rewards for participating in a wellness program are available to all enrolled employees. If you think you might be unable to meet a standard for a reward under this wellness program, you might qualify for an opportunity to earn the same reward by different means. Contact **openenrollment@taiamerica.com** and we will work with you (and, if you wish, with your doctor) to find a wellness program with the same reward that is right for you considering your health status.

The information collected by the wellness program will be used to provide you with information to help you understand your current health and potential risks and may also be used to offer you services through the wellness program. You are encouraged to share your results or concerns with your own doctor.

PROTECTIONS FROM DISCLOSURE OF MEDICAL INFORMATION

We are required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program and your employer may use aggregate information it collects to design a program based on identified health risks in the workplace, the wellness program

will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information is the Hylant data analytics partner to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately. Notwithstanding these precautions, you should be aware that regardless of the safeguards in place, there is always a risk that your data could be used or disclosed other than as intended. If you are concerned about sharing your medical information through the wellness program, you can always undergo a screening directly with your physician, or you can forgo any exam entirely. It's important to balance the health benefits of regular healthcare screenings though against these privacy risks.

You may not be discriminated against in employment because of the medical information you provide as a participant in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact your plan administrator.

NOTICE OF RESCISSION COVERAGE

Under Health Care Reform, your coverage may be rescinded (i.e., retroactively revoked) due to fraud or intentional misrepresentation regarding health benefits or due to failure to pay premiums. A 30-day advance notice will be provided before coverage can be rescinded.

SUMMARY OF BENEFITS & COVERAGE (SBC)

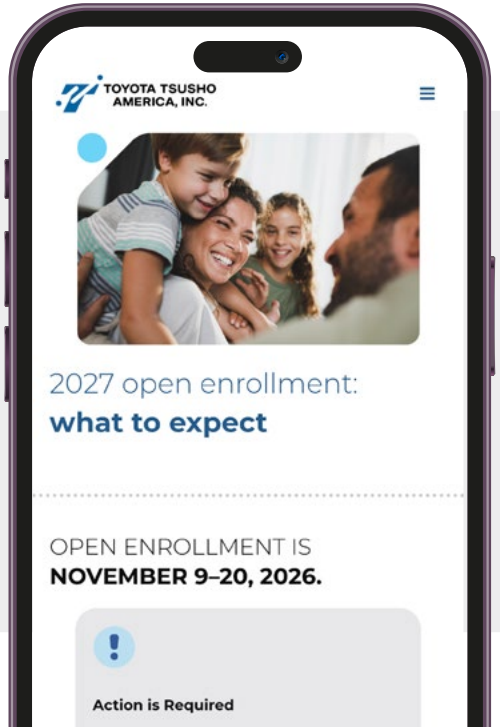

As an employee, the health benefits available to you represent a significant component of your compensation package. They also provide important protection for you and your family in the case of illness or injury.

The Summary of Benefits & Coverage (SBC) is a document intended to help people understand their health coverage and compare health plans when shopping for coverage. The federal government requires all healthcare insurers and group healthcare sponsors to provide this document to plan participants.

SBCs will be created for each medical plan offered. Group health plan sponsors must provide a copy of the SBC to each employee eligible for coverage under the plan. The SBC includes:

- A summary of the services not covered by the plan
- A glossary of terms commonly used in health insurance
- The copays and/or deductibles required by the plan, but not the premium
- Information about members' rights to continue coverage
- Information about members' appeal rights
- Examples of how the plan will pay for certain services

The SBCs are available electronically on carrier websites. A paper copy is also available, free of charge, by contacting your Plan Administrator (identified at the beginning of this section).
